

JK Lakshmi Cement starts grinding unit in Jharli

FW BUREAU
Chandigarh, Nov 5

Keeping pace with rising demand of cement, JK Lakshmi Cement Ltd, a leading cement manufacturer in India has started its much awaited cement grinding unit in Jharli, Haryana. The unit was inaugurated by Deepender Singh Hooda, MP and Geeta Bhukkal, Education Minister, Haryana.

The grinding unit with a capacity of 5.5 lakh tonnes is spread on an area of 21 acres. Bharat Hari Singhania, Vice Chairman & Managing Director and Vinita Singhania, MD, JK Lakshmi Cement also graced the occasion. Shailendra Chouksey, Director and S K Wali, Director, were also present at the inauguration ceremony.

Deepender Singh Hooda said, "JK Lakshmi Cement is a leading brand in Haryana and with the setting up of this cement factory in this area in a record time of 12 months, not

only the ash of thermal plants would be utilized which is a boon for environment, but in turn this would also generate business opportunities for the local people. Aiming at building Haryana as an Industrial hub, JK Lakshmi is also setting up a manufacturing plant for AAC Blocks."

Geeta Bhukkal, Education Minister, added, "I would like to congratulate the JK Lakshmi Cement families who have expanded their horizons into this region. This will not only meet the rising demand for quality construction material, but also lend an opportunity to undertake CSR initiatives for the betterment of the local people."

Sharing insights on the newly inaugurated grinding unit, Bharat Hari Singhania, Vice Chairman & MD, JK Lakshmi Cement said, "We would like to extend our gratitude to Deepender Singh Hooda and Geeta Bhukkal who have been instrumental for setting up this unit in Jharli. ◆
