

LOGISTICS POLICY

Title	Logistics Policy
Version Number	1
Effective Date	1 st May 2023
Authorised By	President & Director
Number of Revisions	-
Last Revised Date	-

The Company is committed to the efficient and safe transport of our people, goods and materials, as well as minimizing the impact of transportation and logistics management on the environment and communities. We shall strive for the continual improvement and implementation of best transportation practices and governance systems.

The Company is committed to:

- Ensure compliance with applicable regulations and the requirements of the Company's sustainability initiatives.
- Adopt technology enabled features to improve safety and endeavour to minimize environmental impacts in company's transport fleet as well as contract and logistics services.
- Influence our suppliers and vendors to adopt a similar, sustainable approach towards their deliveries into our sites.
- Train employees, contract workers and logistics partners on our transportation requirements, safety standards and practices for effective program management.
- Set-up feedback mechanisms for employees, drivers and partners for continual improvement of our transportation programmes.
- Establish metrics and goals to track incidents, resource consumption and emissions and report our progress.
